

WE ARE TEAM NO KID HUNGRY

NO CHILD SHOULD GROW UP HUNGRY IN AMERICA, BUT 1 IN 7 KIDS WILL FACE HUNGER THIS YEAR.

When kids get the food they need, they do better in and out of the classroom. No Kid Hungry uses practical solutions to end child hunger. Working together with local organizations around the country, we generate the will and skill to help communities feed children in need every day of the year.

SCHOOL BREAKFAST

No Kid Hungry helped Isaac's school start a new school breakfast program. Now, Isaac starts every day with a healthy breakfast. The food is served in homeroom instead of the cafeteria early in the morning. Isaac won't miss his chance to eat.

SUMMER MEALS

It's hard for Jaliyah's mom to pay for extra food in the summer when school is closed. That's why free summer meals served at schools and community centers supported by No Kid Hungry prevent summer from being a season of hunger.

AFTERSCHOOL MEALS

Lunch at school was often the last meal Samir ate until breakfast at school the following day. Today, he eats a meal after school because No Kid Hungry helped his school launch a new program.

FOOD SKILLS EDUCATION

Maya and her mom learned how to cook healthy food and stretch their grocery budget at a No Kid Hungry nutrition education class. Our free classes and easy to use mobile app help them make healthier choices.

“Hunger and inadequate nutrition are hugely **devastating on the long-term health** of a child. Nutrition is important. It makes our bodies function. It makes us grow.”

Every kid. Healthy food. Every day. That’s our promise. And that’s how we’ll end childhood hunger, by ensuring that no matter the time of day, or time of year, we’ll be there for kids. No Kid Hungry is a campaign of national anti-hunger organization Share Our Strength.
